

**Celebrating 10 Years of Educating
Child Passenger Safety Heroes**

**August 25 -28, 2014
Albuquerque, NM**

Welcome!

Thank you for your ongoing commitment to Child Passenger Safety. We are honored to have each and every one of you with us and we look forward to hearing from you throughout the conference with suggestions on how we can improve the KIDZ IN MOTION National Child Passenger Safety Conference. The Planning Committee works hard to create a high-quality conference that meets the educational needs of our field and industry. We hope we have provided you with ample opportunity for continuing education and networking, and have fostered your abilities to enhance your child passenger safety efforts when you return home.

Feel free to share your thoughts and suggestions with any of the Planning Committee members. Please invite your colleagues to join us next year in Orlando August 13-15, 2015.

Thank you for joining us, and enjoy the conference.

Sincerely,

The Conference Planning Committee

Heroes!

Continuing Education Units

Documentation and verification of attendance at Child Passenger Safety Technician CEU sessions is your responsibility. You will find a CEU Proof of Attendance sheet on the back cover of this program.

To receive credit for a CPS CEU session, please arrive at The session within 5 minutes of the session start and remain in the room until the end of the session. At the end of each session, have your attendance sheet stamped as you exit. Keep your Proof of Attendance sheet in a safe place!

**= Safe Kids approved

Workshop Session Details

Session 1 Workshops Tuesday 2:00 - 2:45 pm	Wolf	Hospital Discharge Recommendations for Safe Transportation of Children Dr. Marilyn Bull , Automotive Safety Program mbull@iu.edu Dr. Bull presents the recommendations of an expert working group convened by NHTSA encouraging hospitals to address child passenger safety in their discharge policies.	 1 CEU
	Puma	Successful Faith-Based Programs Impacting Child Passenger Safety and Safe Driving Helen Arbogast , Children's Hospital Los Angeles harbogast@chla.usc.edu Learn how to implement a faith-based program with churches and temples to provide child passenger safety, safe driving and disaster education.	
	Hawk	Inspecting the Inspection: What the Data Reveals Marnita Louzon , Automotive Safety Program mllouzon@iu.edu Marnita discusses the importance of documenting inspections on a standardized check-up form. She'll present findings from 8,400 inspections, including best practice compliance and observed misuse.	
	Badger	Advanced Vehicle Safety Features Audrey Eagle , Chrysler Group LLC aae@chrysler.com This manufacturer update will include an overview of modern safety advances in vehicles, including active and passive restraints and crash avoidance features that improve the driver's visibility, keep the vehicle in control, help avoid collisions and improve stopping distance.	 1 CEU
Session 2 Workshops Wednesday 10:45 - 11:30 am	Wolf	How Soft Goods Affect Crash Testing Kelly Runk , Graco Children's Products kelly.runk@newellco.com Kelly explains a manufacturer's process for deciding the padding, fabrics and accessories used in its car seats as well as the effects of these items on crash testing.	 1 CEU
	Puma	Law Enforcement Challenges for Transporting Children Tim McCool , Kansas Traffic Safety Resource Office tmccool@dccca.org Transporting children in agency vehicles is a potential liability for law enforcement agencies. Tim will address the liabilities and solutions as well as the importance of written policies.	
	Hawk	Insider's Guide to Starting a Car Seat Recycling Program Thomas Vilt , UH Rainbow Babies and Children's Hospital thomas.vilt@uhhospitals.org Thomas will identify key components of building a successful recycling program and share lessons learned. He'll provide tips for identifying partners, working with agency legal departments, collection and storage logistics, and marketing.	
	Badger	Why Isn't There a Global Car Seat? David Amirault , Dorel Juvenile Group damirault@djgusa.com Learn about global car seat regulations, technologies available in different world regions and how Dorel as a global car seat designer and manufacturer collaborates among its regional divisions to share designs and technologies.	 1 CEU

Workshop Session Details

Session 3 Workshops Wednesday 2:15 - 3:00 pm	Wolf	NHTSA's Notice of Proposed Rulemaking Regarding Side Impact Protection Terry Emerson , Dorel Juvenile Group temerson@djgusa.com Terry will discuss the history and timing of the new Notice of Proposed Rulemaking intended to substantially upgrade NHTSA's side impact protection standard, providing more protection against injuries in side impact crashes. The audience will leave this session with a thorough understanding of the history, effects and technologies surrounding side impact protection.	 1 CEU
	Puma	Is the Fitting Station Enough? Evaluating a Handout to Improve Installation Efficacy Dr. Brian Robertson , Children's Medical Center Dallas brian.robertson@childrens.com Brian will share a method to increase the retention of educational information provided at a 30-minute session on car seat installation. The handout developed will be presented, as well as its effect. Other CPS resources for technicians and families will be discussed.	
	Hawk	Creating That Plastic Shell Jason Carpenter , Graco Children's Products jason.carpenter@newellco.com Come and learn about the creation of a child restraint system that is made from plastic, including it's benefits and limitations.	 1 CEU
	Badger	The Limits of Compartmentalization Charles Vits , SafeGuard School Bus Products cvits@imminet.com Charles will show through video the limits of compartmentalization in school bus barrier crash tests. He will also address the use of modern technology Lap and shoulder belts to enhance compartmentalization protection and will respond to some of the common misinformation surrounding these passenger protection systems.	 1 CEU

Workshop Session Details

Session 4 Workshops Wednesday 3:30 - 4:15 pm	Wolf	Emerging Automotive Technologies and Their Potential Impact on Child Restraint Systems Ryan Hawker , Dorel Juvenile Group rhawker@djgusa.com Ryan will explore various emerging automotive technologies, their potential for providing increased vehicle occupant protection and the impact they could have on child restraint systems. 
	Puma	Development of a Car Seat Super-User Program in the Intensive Care Nursery Shannon Bernal , Children's Mercy Hospital smbernal@cmh.edu Shannon will discuss how to promote safe travel of newborns at discharge, specialized infant passenger safety training for ICN nurses, and how to increase referrals for CPS consults and expedite discharge of infants with special needs.
	Hawk	How Texas Stepped up to the CPS Plate! Tracy Tellman , TX Dept. of Transportation tracy.tellman@txdot.gov Learn how a very large state committed to certifying CPS techs in all 25 districts of the state, as well as training multiple technicians in rural areas of Texas to ensure every parent and caregiver has access to education and child passenger safety guidance.
	Badger	No More Lower Anchors, Locking Clips or Switching Retractors Sarah Tilton , Britax Child Safety, Inc. sarah.tilton@britax.com Sarah will discuss Britax CLICKTIGHT's newest innovations for 2014, and will review and discuss common limitations with LATCH and vehicle seat belts. 
Hot Topics Wednesday 4:30 - 5:00 pm	Puma	Child Passenger Safety Hot Topics Roundtable Stephanie Tombrello , SafetyBeltSafe U.S.A. stombrello@carseat.org Emilie Crown , Montgomery Co. Fire emilie.crown@montgomerycountymd.gov Denise Donaldson , Safe Ride News Publications denise@saferidenews.com End your day of learning and sharing with an informal group discussion about current child passenger safety issues. 

Workshop Session Details

Session 5 Workshops Thursday 9:00 - 9:45 am	Wolf	Quantifying CRS Compatibility in the Vehicle Seat Environment Julie Bing , Ohio State University Injury Biomechanics Research Ctr. julie.bing@osumc.edu Julie will present a study identifying the most common sources of incompatibility between a set of 59 child restraint systems and 61 vehicles currently on the market. The results of this study can be used to guide caregivers in choosing a CRS.	 1 CEU
	Puma	Not Everyone Needs to be a Child Passenger Safety Technician Kristen Thorstenson , SafeKeepers, LLC kristent@safekeepers.co Kristen will discuss an approach to educate about CPS. Her awareness class provides participants with education on all stages of CPS from child restraints through seat belts, as well as hands-on instruction/demonstration of proper installation in participants' vehicles	
	Hawk	The Role of the CPST Through the Eyes of a Pediatric Injury Prevention Scholar Chantel Ponder , Children's Hospital Los Angeles cponder@chla.usc.edu The Pediatric Injury Prevention Scholar (PIPS) is a program that provides individuals with the ability to apply public health fundamentals learned in the classroom setting to experience in real-life hospital and the community environments. The PIPS program develops volunteers' knowledge and experience in the field of injury prevention and CPST certification with a goal of increasing car seat inspections.	
	Badger	LATCH Update: Using the 2013 LATCH Manual Denise Donaldson , Safe Ride News Publications denise@saferidenews.com Denise will explore recent changes to LATCH, how these changes will be applied and how the LATCH Manual can be used for common installation situations that require the user to determine whether LATCH may or may not be used.	 1 CEU
Session 6 Workshops Thursday 10:00 - 10:45 am	Puma	Reaching Across Borders Tomi St. Mars , AZ Dept. of Health Services tomi.st.mars@azdhs.gov Tomi will present Arizona's experience with a cooperative partnership between Arizona and Sonora, Mexico in the distribution of donated new and gently used car seats. Pros and cons to their program will be discussed.	
	Hawk	New CPST Curriculum Hot Topics Roundtable Discussion Emilie Crown , Montgomery Co. Fire Rescue emilie.crown@montgomerycountymd.gov Amy Artuso Heinzen , National Safety Council amy.heinzen@nsc.org Mike James , KIDZ IN MOTION bwg@hiwaay.net Join an informal discussion of experiences with teaching the new technician certification curriculum.
