

2022 International

Child
Passenger
Safety
Conference

Aug 24 - 26 • Orlando, FL

**Thank You to our
Abstract Review
Committee**

Scott Downing

Jackson Co. Fire District 3, OR

Sharon Evans

Cook Children's Medical Center, TX

Sarah Haverstick

Goodbaby International, FL

Kyndra Lathim

CPST-I, OR

Continuing Education Units

You will find a **CEU Proof of Attendance** on the back cover of this program. To receive credit for a **CPST CEU Session**, arrive at the session within 5 minutes of the start and remain in the room until the end of the session. At the end of each session, obtain a sticker for your **CEU** as you exit.

= CPST
CEU Session

Workshop Evaluations

Feedback makes this conference stronger and better. Please take a minute after each workshop you attend to tell us what you think by scanning this **QR Code** or completing a paper evaluation located at the back of each session room.

Kidz.In.Motion

You Make a World of Difference!

We are excited to have you join us for the 2022 KIDZ IN MOTION **International** Child Passenger Safety Conference! In recognition of our conference attendees from around the world, after providing 16 annual national conferences we felt a post-pandemic pivot was in order.... to declare **international** status.

The Planning Committee works hard to create a quality conference that meets the educational needs of our field and industry. We hope to foster your ability to enhance your child passenger safety work when you return home. Please share your thoughts about improving the conference with any of the Planning Committee members.

We hope to see you again next year in Oklahoma City
August 24-26, 2023!

Sincerely, the Planning Committee

Juli Davis

2022 Conference

Wednesday, August 24		Registration 7:00 am - 5:00 pm in Royal Dublin Foyer		
8:00 am - 5:00 pm	Royal Dublin	Child Passenger Safety on School Buses National Training		CEU
8:30 am - 4:30 pm	Kissimmee	Masterclass: Powerful Messaging with Digital Storytelling		
8:00 am - Noon	Royal Melbourne	Delivering CPS in Healthcare Part 1: Strategies for Creating a Thriving Patient Program		
8:00 am - Noon	Augusta	Culturally Responsive Approaches for Developing a Successful Community CPS Program		
8:30 am - Noon	Colonial	Cultivating Your Educator Skills		
Noon - 1:30 pm	International Ballroom I	Lunch		
1:30 - 5:00 pm	Royal Melbourne	Delivering CPS in Healthcare Part 2: Strategies for Serving Families of Children with Disabilities		CEU
1:30 - 5:00 pm	Colonial	CPS in the Line of Duty		
1:30 - 5:00 pm	Augusta	The CPS Amazing Race - Manufacturers Alliance for Child Passenger Safety		CEU
2:45 - 3:15 pm	Lower Level Foyer	Afternoon Break and Refreshments		
5:10 - 6:00 pm	Colonial	Hold My Clipboard Live - National Digital Car Seat Check Form		
Thursday, August 25		Registration 7 am - 5 pm in National Ballroom Foyer Exhibits Open in National Ballroom A-B-C 8:00 - 8:30 am, 1:50 - 2:20 pm and 3:05 - 4:15 pm		
	National Ballroom D	Royal Dublin	Royal Melbourne	Colonial
Breakfast 7:00 - 8:00 am	Breakfast Served in National Ballroom A-B-C		All are welcome to join the Global CPS Discussion tables.	
Morning Get-Togethers 8:00 - 8:30 am		Moderator Orientation	First-Time Attendee Orientation	
Exhibits Open 8:00 - 8:30 am	Exhibits Open in National Ballroom A-B-C			
Welcome 8:35 - 8:45 am	Conference Opening and Welcome			
Manufacturers Panel 1 8:45 - 10:15 am	Manufacturers Panel 1 CEU			
Session I Workshops 10:25 - 11:10 am	Car Seats 202: More Tips, Tricks and Exceptions CEU	Pediatric Vehicular Heatstroke: By the Numbers	Oh, the Things You Can Learn!	What the US Can Learn From CPS Malaysia
Lunch 11:15 am - 12:15 pm	Lunch Served in National Ballroom A-B-C			
Manufacturers Panel 2 12:20 - 1:50 pm	Manufacturers Panel 2 CEU			
Exhibits Open 1:50 - 2:20 pm	Exhibits Open in National Ballroom A-B-C			

One person can make a difference.

At-a-Glance

= CPST CEU Session

Thursday, August 25 (continued)

	National Ballroom D	Royal Dublin	Royal Melbourne	Colonial
Session 2 Workshops 2:20 - 3:05 pm	Consumer Reports' Rear-Seat Safety Evaluation 	Back Seat Blitz 	Keeping CPSTs Up-to-Date, Engaged and Entertained	Writing Laws That Make Sense
Exhibits Open 3:05 - 4:15 pm	Exhibits Open with Afternoon Snack in National Ballroom A-B-C			
Session 3 Workshops 4:25 - 5:10 pm	Child Restraints and Automated Vehicles 	Car Seats and Casted Infants - The Latest Collaboration 	Leveraging the National Digital Car Seat Check Form Data 	Building Capacity During Covid-19: Online Training

Friday, August 26

Registration 7 am - 5 pm in National Ballroom Foyer
Exhibits Open in National Ballroom A-B-C 8:30 - 9:00 am, 1:00 - 2:20 pm

	National Ballroom D	Royal Dublin	Royal Melbourne	Colonial
Breakfast 7:30 - 8:30 am	Breakfast Served in National Ballroom A-B-C			
Exhibits Open 8:30 - 9:00 am	Exhibits Open in National Ballroom A-B-C			
General Session 9:05 - 9:50 am	TED Talks: Technician Education and Development from the National Child Passenger Safety Board National Ballroom D			
Session 4 Workshops 10:00 - 10:45 am	FMVSS 213 Updates: Understanding Implications of NHTSA's New Final Rule 	Into the Unknown: Research and Knowledge Gaps in Special Needs Transportation 	Creating and Maintaining CPS Partner Champions in Your Community	Booster Seat Program: Keeping Elementary-Aged Students Safe In Georgia
Plenary 10:55 - 11:55 am	A Deeper Dive Into the "Why" from a Vehicle and Car Seat Manufacturer's Perspective 			
Lunch Noon - 1:00 pm	Lunch Served in National Ballroom A-B-C			
Exhibits Open 1:00 - 2:20 pm	Exhibits Open with Afternoon Snack in National Ballroom A-B-C			
Session 5 Workshops 2:30 - 3:15 pm	What's New in CChiPS Research 	The Movers and Shakers: Vehicle Safety for Challenging Behavior 	More Than a Check Form, It Does So Much More	Thoughtfully Integrating Equity in CPS Programming
Session 6 Workshops 3:25 - 4:10 pm	They Did What?! Commercial Decisions and the Car Seat Industry 	Consumer Reports' Rear-Seat Safety Evaluation 	Giving Our Data CPR: One Team's Transition to the NDCF	CPS Tips, Tricks and Hacks
Closing 4:20 - 5:00 pm	Closing, Hero Awards, Prize and Scholarship Drawings

Session I Workshops Thursday 10:25 - 11:10 am

Royal Dublin

Pediatric Vehicular Heatstroke: By the Numbers

Amy Artuso, National Safety Council amy.artuso@nsc.org

Pediatric Vehicular Heatstroke (PVH) continues to be the number one cause of non-crash vehicular-related deaths among children. Amy will review a wide range of metrics to assist in understanding this topic and developing prevention strategies.

Royal Melbourne

Oh, the Things You Can Learn!

Laura Dunn, NHTSA laura.dunn@dot.gov

Tammy Franks, National Safety Council tammy.franks@nsc.org

There is fun to be done! Join Laura and Tammy as they explore the places that child passenger safety curricula can take you. Learn about the innovative, engaging ways of offering enrichment opportunities for Child Passenger Safety Technicians. Recent and upcoming curricula revisions, complete with sneak peaks, will be shared including information on the Child Passenger Safety on School Buses National Training and the Child Passenger Safety Educator Development National Training. In-person and hybrid offerings as well as learning paths will be explored. You'll leave ready to head off and away on your enrichment training journey!

National Ballroom D

Car Seats 202: More Tips, Tricks and Exceptions

Erin Brill, Car Seat Safety Consultants erinbrill.cpst@gmail.com

Erin will teach you tricks for making installations easier in difficult situations as well as cover exceptions to the CPS curriculum. This session will review some content presented in Car Seats 201 but will contain new videos and examples of exceptions based on currently available child restraints.

Colonial

What the US Can Learn From CPS Malaysia

Jchanet Tan, CPS Malaysia jchanet@gmail.com

Relative to the population, 10 times as many Malaysian children are dying in car crashes as in the U.S. CPS laws were non-existent. Graphic accounts in media made little impact on restraint usage. When a few mothers began expressing their outrage, CPS Malaysia was born. Learn from Jchanet how they turned CPS from 'zero' into law in just a few years, the challenges they overcame and their success in keeping kids safe.

Session 2 Workshops Thursday 2:20 - 3:05 pm

Royal Dublin

Back Seat Blitz

Denise Donaldson, Safe Ride News Publications denise@saferidenews.org

New cars continue to have features that affect car seat installation. Some make things easier, but many present challenges. In this session, Denise will present a variety of new car features of interest to CPSTs, especially those seen at recent auto shows.

Royal Melbourne

Keeping CPSTs Up-to-Date, Engaged and Entertained

Heidi Dolan, UH Rainbow Babies & Children's Hospital heidi.dolan@uhhospitals.org

When faced with the challenge for keeping 200 CPSTs engaged and up-to-date, during a global pandemic, Cleveland's "Car Seat Sisters" came up with novel ways of reaching their audience. Learn about the making of the "Lunch & LATCH" Zoom workshop series, Facebook groups for techs and instructors, and the tools they purchased to make e-mail blasts and presentations professional, educational and clickable.

National Ballroom D

Consumer Reports' Rear-Seat Safety Evaluation (repeated)

Emily Thomas, Consumer Reports emily.thomas@consumer.org

In Fall 2021, Consumer Reports introduced its Rear-Seat Safety Score for Vehicles. This rating evaluates aspects of rear-seat safety for all demographics, not just children in child restraints. It is an independent rating program that includes over 40 vehicles for model years 2021 and 2022. The rear-seat safety score includes child seat installations, booster use, rear occupant alerts, rear head restraints, rear belt minders, and advanced rear restraints. Emily will share details of this rating system.

Congressional

Writing Laws That Make Sense

Lance Mitchell, Maine Bureau of Highway Safety mitchlj18@yahoo.com

Lance will walk participants through the process of becoming a better advocate for children. How many roadblocks have you come across while asking about changing your antiquated law? He'll teach attendees how to overcome these roadblocks and the process of writing and submitting laws in their respective states to make CPS laws stronger.

Session 3 Workshops Thursday 4:25 - 5:10 pm

Royal Dublin

Car Seats and Casted Infants - The Latest Collaboration

Maisie Williams, Children's Wisconsin mwilliams@childrenswi.org

Sarah Haverstick, Goodbaby International (Evenflo & Cybex) sarah.haverstick@goodbabyint.com

Ashley Mahnke, Children's Wisconsin amahnke@childrenswi.org

Children's Wisconsin and Evenflo collaborated to create an insert for an Evenflo car seat to provide a safe ride home from the hospital for two infants discharged in post-surgery casts. After identifying the transportation need for this population, Evenflo joined with Children's to create an insert to adapt the Sonus convertible car seat. Learn more about this exciting project from Maisie, Sarah and Ashley.

Royal Melbourne

Leveraging the National Digital Car Seat Check Form (NDCF) Data

Adele Polson, Westat adelepolson@westat.com

The National Digital Car Seat Check Form (NDCF) dataset represents the most comprehensive source of information from over 65,000 car seat checks. All users have access to clean data files, customized data dashboards, and an interactive table tool. Adele will review the data and the data tools and exploring ways in which these can be leveraged for educational outreach, reporting, and grants.

National Ballroom D

Child Restraints and Automated Vehicles

Joseph Colella, Safe Kids in Automated Vehicles (SKAVA) jcolella@safekids.org

Denise Donaldson, Safe Ride News Publications denise@saferidenews.com

Automated vehicles are part of our transportation future, and their evolution has already begun. Joe and Denise will help child passenger safety advocates stay engaged in the process and prepare for new developments including novel seating configurations, unusual seating angles, new air bags, bi-directional vehicles and shifting primary impact directions. They'll highlight updated safe practices, limitations of current child restraints, and available resources.

Colonial

Building Capacity During COVID-19: Online Training for Social Service Organizations

Kathrine Hutka, Child Passenger Safety Association of Canada president@cpsac.org

Holly Choi, Child Passenger Safety Association of Canada holly.choi@cpsac.org

Over the past 10 years the Child Passenger Safety Association of Canada (CPSAC) has been a leader in providing CPS education and training in Canada. In response to the global pandemic and the unique barriers to CPS in Canada, CPSAC successfully developed and deployed an online training program for social service organizations to further its mission to provide Canadians with the skills and knowledge to safely transport children. Katherine and Holly will share the tools used to create and evaluate this program.

Workshop Session Details

= CPST CEU Session

Session 4 Workshops Friday 10:00 - 10:45 am

Royal Dublin

Into the Unknown: Research and Knowledge Gaps in Special Needs Transportation

Carrie Rhodes, Nationwide Children's Hospital carrie.rhodes@nationwidechildrens.org

Transportation for children with special healthcare needs (CSHCN) often lives in the spaces between good, better, and best - including areas in which little guidance is available to CPS Techs. Carrie will provide a brief synopsis of currently available research and literature regarding transporting CSHCN, as well as contributory research that may have applications to transportation of this population. Additionally, she'll provide examples of integrating research into practice and discuss areas in which limited information is known, leaving participants better able to contribute to discussions with members of the child's healthcare team.

Royal Melbourne

Creating and Maintaining CPS Partner Champions in Your Community

Liz Perez, Phoenix Children's Hospital eperez@phoenixchildrens.com

Blanca Villasenor, Phoenix Children's Hospital bvillasenor@phoenixchildrens.com

Creating partnerships in the community can be easy, but maintaining them can be challenging. Liz and Blanca, Child Passenger Safety Program Specialists at Phoenix Children's Hospital, will share how they have successfully expanded their community work, mentored CPST's and grown community programs with partners from the ground up.

National Ballroom D

FMVSS 213 Updates: Understanding Implications of NHTSA's New Final Rule

Kecia Healy, CarSeatBlog.com protectwhatulove@gmail.com

After lengthy delays, NHTSA's Final Rule to add a side-impact standard to FMVSS 213 was published in June 2022. This presentation will cover the important details of the new FMVSS 213a side-impact testing standard, as well as a discussion of the potential short-comings of this new standard. CPS Technicians & Instructors will gain a better understanding of the technicalities and nuances of the final rule including its effect on current and future child restraint designs in the U.S.

Booster Seat Program: Keeping Elementary-Aged Students Safe in Georgia

Elaina Lee, Safe Kids Northeast Georgia elaina.lee@nhgs.com

Pam Fair, Safe Kids Columbus pam.fair@piedmont.org

Elaina and Pam will present details of their program developed to equip CPS educators and advocates with the ability to successfully reach all children who have a need for a booster seat to reduce the risk of injuries and fatalities related to motor vehicle crashes.

Session 5 Workshops Friday 2:30 - 3:15 pm

The Movers and Shakers: Vehicle Safety for Challenging Behavior

Eileen Gerling, Children's Hospital of the King's Daughters eileen.gerling@chkd.org

Have you been overrun with the runners? Eileen has seen an increase in referrals for children who escape from their car seats or mobility devices while being transported. Join her to discuss intervention starting with the evaluation/parent interview and followed up with options for a safe solution for both the child and other occupants of the vehicle. Elopement and other behaviors will be discussed. Standard restraints and specialized devices will be presented.

More than a Check Form, It Does So Much More

Robert Duckworth, Indiana Criminal Justice Institute rduckworth@cji.in.gov

Jennifer Hacker, Indiana Criminal Justice Institute jhacker@cji.in.gov

Indiana was an early adopter of the National Digital Check Form (NDCF) in 2018, and in four years has learned how the data it provides does much more than identify misuse and needed areas of communication. Robert and Jennifer will share how Indiana utilized the NDCF to expand its network of fitting stations, increase the number of inspections, perform inventory management and re-supply fitting stations without additional surveys, grant applications, or reimbursement processes.

What's New in CChIPS Research

Schuyler St. Lawrence, Toyota Motor North America schuyler.stlawrence@toyota.com

Schuyler will present the Center for Child Injury Prevention Studies (CChIPS) and the research they perform. He'll discuss what CChIPS is, who's a part of it and how it all works, and important findings from some of the latest research, with a particular focus on CRS use and misuse in far-side crashes, LATCH vs. Non-LATCH Installations for Boosters in Frontal Impacts, and how adjacent seat positions can influence CRS performance in side impacts.

Thoughtfully Integrating Equity in CPS Programming

Britney Lombard, Children's Hospital Colorado britney.lombard@childrenscolorado.org

Sheila Galindo-Vasquez, Children's Hospital Colorado

sheila.galindovazquez@childrenscolorado.org

Britney and Sheila will share their processes in creating more inclusive and equitable CPS programming for patient families. By intentionally cultivating equitable programming, technicians can improve caregiver understanding, create a comfortable and supportive environment for families and remove barriers that prevent families from seeking CPS support. These practices can benefit agency-based programs as well as technicians that work individually.

Your only limit is in your mind.

Session 6 Workshops

Friday 3:25 - 4:10 pm

Consumer Reports' Rear-Seat Safety Evaluation (repeated)

Emily Thomas, Consumer Reports emily.thomas@consumer.org

In Fall 2021, Consumer Reports introduced its Rear-Seat Safety Score for Vehicles. This rating evaluates aspects of rear-seat safety for all demographics, not just children in child restraints. It is an independent rating program that includes over 40 vehicles for model years 2021 and 2022. The rear-seat safety score includes child-seat installations, booster use, rear occupant alerts, rear head restraints, rear belt minders, and advanced rear restraints. Emily will share details of this rating system.

They Did What?! Commercial Decisions and the Car Seat Industry

Sarah Haverstick, Goodbaby International (Evenflo & Cybex) sarah.haverstick@goodbabyint.com

Have you ever wondered why a car seat (especially one that technicians particularly loved) was discontinued by a manufacturer? In this session, Sarah will cover the business side of car seats and the factors at play when manufacturers are faced with tough decisions about a product line. Additionally, she'll review technical components of car seat manufacturing and how these considerations influence decisions about the future of a car seat.

CPS Tips, Tricks and Hacks

Kathleen Clary-Cooke, CPST-I kclarycooke333@gmail.com

Renee Witmer, Sacred Heart Children's Hospital renee.witmer@providence.org

What do sharks, sandwiches, and condoms have to do with child passenger safety? Do caregivers leave your appointments overwhelmed and confused despite your best efforts? During this entertaining interactive session Kathleen and Renee will share ways to make child restraint installation and use easier, faster, and more fun! They have some great tricks, tips, and hacks up our sleeves that will enable you to do your job better while helping caregivers remember your lessons more easily. Bring your best tips, tricks, and hacks to share, too, so all participants can all leave with a few more tools in their Tech Toolkit!

Thank you for
all of your
hard work
making
children
safer by
working with
and
educating
parents.
